Create Authentic Asian Inspired Cuisine with SeasonRite® Systems from AFS!

Consumers are becoming more adventurous in their food choices, looking to international cuisines for exotic spices and new flavor combinations. Korean foods, packed with unique, bold flavors that combine sweet, sour, savory and spicy, satisfy consumers' culinary curiosity and are quickly becoming one of the hottest trends in the food industry. Advanced Food Systems has expanded the **SeasonRite®** product lines of flavored functional ingredients to offer an array of Korean inspired marinades, sauces, dressings, soups and seasoning bases that are packed with authentic flavor, while enhancing the texture and appearance of the final product.

Marinades

Blended with traditional Korean spices and functional ingredients, **SeasonRite® Marinades** add flavor, increase juiciness and enhance the appearance of fully cooked then frozen beef, chicken and pork. The final product is freeze-thaw stable and can be used in entrees and wraps. Available flavor profiles include beef bulgogi and spicy BBQ.

Sauces

SeasonRite® Sauce Bases are designed to create flavored sauces that can be used provide authentic Korean flavors to various types of food products. The **SeasonRite® Korean BBQ sauces** can be used to marinate meat (beef, chicken or pork) before cooking and / or brushed on the meat during grilling to further enhance flavor impact. These sauces can also be used to create frozen entrees or used as condiments or as dipping sauces. Available flavor profiles include bulgogi, spicy BBQ and kimchi. Custom or additional flavors can also be developed.

Dressings

SeasonRite® Korean Vinaigrette Dressing Base is a great choice for cold make-up, shelf-stable dressings. The finished dressing has a savory soy and sesame flavor profile with just the right balance of sweet and

acid notes. The dressings can be used to add bold flavor to green salads, cold noodle salads or wraps. In addition to Korean Vinaigrette, AFS offers several other dressings with Asian flavor profiles, or one can be custom developed for you.

Soups

SeasonRite® Soup Base can be used to create cook-up, freeze-thaw stable or instant soups. The kimchi flavored base produces a finished soup with the spicy, garlic and acid notes that are associated with traditional kimchi.

Seasonings & Flavors

SeasonRite® Seasonings & Flavors are unique dry flavoring systems for meat, poultry, seafood, vegetables and side dishes. Designed to coat the substrate evenly, they provide consistent flavor throughout the finished product. They are available in a multitude of flavor profiles, or one can be custom developed for your application.

All of these products are dry bases that combine flavor and function in one economical, easy to use system. The bases require minimal storage and help maximize process efficiencies. They are an excellent choice for creating authentic Korean dishes!
